Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	23	33
Forest	23	34
Transition	22	35
Northern	24	37

SUMMARY: Misty or foggy conditions are anticipated over parts of the coastal, mountainous and forest areas this morning, amidst mostly cloudy conditions. As the day progresses, sunny conditions will dominate across the country, with rainfall expected over parts of the middle, transition and northern sectors from late afternoon into the evening.

NB: Relatively hot conditions are expected due to intense sunshine during the day. The public is advised to stay hydrated, seek shade where possible, and limit prolonged exposure to direct sunlight.
