Coast	24	33
Forest	22	35
Transition	18	36
Northern	20	36

SUMMARY: The thunder and rain-bearing clouds mentioned in the earlier weather updates will continue to affect portions of the coast, middle and transition belts with moderate to heavy thunderstorms or rain this evening into the night. Some areas are likely to experience moderate to strong winds therefore, the public is advised to take precautionary measures. Nonetheless, the early hours of tomorrow morning are expected to be misty or foggy over the forest and hilly places which will reduce visibility range amidst cloudy conditions.
