Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	24	32
Forest	24	33
Transition	22	34
Northern	24	38

**SUMMARY:** Misty or foggy conditions are likely to be experienced during the early morning hours over parts of the coastal, mountainous and forest areas. As the day progresses into the afternoon hours, most parts of the country will have periods of sunshine and clouds with chances of rainfall over places within the coastal, middle and transition sectors from late afternoon into the evening hours. The north will be hot and sunny during the afternoon hours and later have partly cloudy conditions during the evening hours with slight haze affecting the extreme upper regions throughout the forecast period.
