Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	24	34
Forest	22	34
Transition	20	35
Northern	24	39

SUMMARY: Mist or patches of fog are expected to form especially over parts of the forest and mountainous areas early this morning amidst partly cloudy conditions over most parts of the country. As the day advances into the afternoon hours, sunny conditions will dominate all sectors of the country. However, from late afternoon into the night hours, rain bearing clouds are expected to form and produce rain and thundery activities over some places within the middle, transition and northern sectors.
