Northern	24	39

SUMMARY: Mostly cloudy conditions coupled with the formation of mist or fog patches are expected over the coastal, hilly and forest zones this morning. A few coastal and inland areas may also experience slight rain this morning. As the day progresses into the afternoon, sunny weather with periodic cloudiness will prevail over most places within the country. However, thunderstorms or rain of varying intensity are anticipated over parts of the middle, transition and northern sectors of the country from late afternoon into the evening.
