| Sector | Minimum Temperature (°C) | Maximum Temperature (°C) |
|------------|--------------------------|--------------------------|
| Coast | 24 | 34 |
| Forest | 24 | 35 |
| Transition | 23 | 36 |
| Northern | 26 | 41 |

SUMMARY: Rainfall with thundery activities are expected to affect places areas within the extreme southwestern portions (*Axim, Asasetre, Tarkwa, Akwidaa, Daboase, Benso, Wassa Nkran*) and surrounding communities amidst partly cloudy conditions this morning. Mist or patches of fog are also anticipated for some places within the mountainous and forest zones. As the day advances, bright and sunny conditions will dominate all sectors of the country. However, from late afternoon into the night hours, thunderstorms with rain will affect places within the northern, transition and middle sectors.
