Forest	23	35
Transition	22	37
Northern	25	41

SUMMARY: Mostly cloudy weather will dominate most places within the country this night and the early hours of the morning, However, thunderstorms or rain of varying intensity may affect parts of the coastline and the in-land areas of the country for the night hours. Early morning mist or fog patches will occur over areas within the mountainous and forest zones amidst rainfall over few areas in the southwestern part of the country. However, sunny conditions will be observed in most sectors for the afternoon.
