<b>Forest</b>	<b>24</b>	<b>35</b>
<b>Transition</b>	<b>23</b>	<b>36</b>
<b>Northern</b>	<b>27</b>	<b>40</b>

**SUMMARY:** Early this morning, mist or fog patches are expected to form within the forested and mountainous areas, potentially reducing visibility. Thereafter, sunny conditions with periodical cloudiness will dominate the country during the afternoon hours. Nevertheless, from mid-afternoon into the night, thunderstorms or rain of varying intensities are likely over few places within the coastal, middle and northern sectors.
