SUMMARY: Mostly cloudy weather accompanied by slight to moderate thunderstorms or rain will dominate parts of the coastal and inland areas, as well as the northern sector, this morning. Meanwhile, patches of mist and fog are likely to form over hilly and forest zones during the early hours. As the day advances into the afternoon, sunny weather with occasional cloud cover will prevail across most places in the country with rain and thundery activities expected over parts of the middle, transition and northern sectors from late afternoon hours into the night.
