Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	24	32
Forest	22	35
Transition	22	36
Northern	26	37

SUMMARY: Mist or patches of fog are likely over some coastal, mountainous and forest areas this morning amidst partly cloudy conditions. There is also a chance of rainfall over few coastal locations. As the day advances into the afternoon, sunny conditions with occasional cloud cover will prevail across the country. The cloud build-up is expected to generate rain-bearing clouds, which may produce rainfall with thundery activities over some places within the country later in the day.
