SUMMARY: Partly cloudy weather will dominate the entire country, with thunderstorms or rain affecting a few areas in the transition and middle sectors overnight. Mist or fog patches are likely to develop over hilly grounds and forest zones during the early morning hours. As the day advances into the afternoon, sunny weather with periodic cloud cover will prevail over most places in the country. However, from late afternoon into the night hours, rain and thundershower activities are expected over parts of the middle, transition and northern sectors as well as a few coastal and inland areas.
