Weather Icons

| Sector     | Minimum Temperature (°C) | Maximum Temperature (°C) |
|------------|--------------------------|--------------------------|
| Coast      | 25                       | 33                       |
| Forest     | 23                       | 35                       |
| Transition | 23                       | 36                       |
| Northern   | 24                       | 39                       |

**SUMMARY:** Partly cloudy conditions will prevail over most places in the country this morning with mist or fog patches likely to form over high grounds and forest zones during the early hours. Sunny weather with periodic cloud cover will dominate much of the country as the day advances into the afternoon. However, from late afternoon into the evening, thunderstorms or rain of varying intensity are expected over parts of the coastal and inland areas, middle, transition and northern sectors.
