| Transition | 23 | 33 |
| Northern | 26 | 37 |

SUMMARY: As indicated in the weather update issued earlier, cloudy conditions will persist over most areas along the coastline and some inland areas. However, rain and thunderstorms are expected to continue across many parts of southern Ghana this afternoon into evening. Meanwhile, sunny conditions with occasional cloud cover will be observed over the northern portions. From late afternoon into the evening hours, there are chances of rain and thunder over the northern sector and some portions of the transition belt.
