Transition	23	35
Northern	26	38

**SUMMARY:** This morning, mist or fog patches will form over the forest, mountainous and a few coastal areas amidst partly cloudy conditions. Thunderstorms and rain are also expected to affect parts of the northern and transition sectors, with intermittent rain likely over a few coastal and inland areas. As the day progresses, a mixture of sunshine and clouds will prevail over southern Ghana, while the northern sector remains predominantly sunny. However, thunderstorms or rain are anticipated over parts of the middle, transition and northern sectors from afternoon into the evening.
