SUMMARY: Mist or patches of fog will form over some coastal, forest and mountainous areas during the early morning hours, with a likelihood of slight rain. The northwestern portions of the northern sector, including Wa, Bole, Damongo, and surrounding areas, will also experience mostly cloudy conditions with chances of rain this morning. As the day progresses, mostly cloudy conditions with breaks of sunshine are expected over southern Ghana, with chances of rainfall from the afternoon into the evening hours. The northern half of the country is expected to remain sunny during the afternoon, with isolated thunderstorms and rain likely from late afternoon into the night hours.
