Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	24	32
Forest	23	33
Transition	23	33
Northern	24	36

SUMMARY: Partly cloudy conditions will prevail over most places in the country tonight. However, rain and thundery activities are likely over few areas along the coast, middle and transition sectors. Early tomorrow morning, mist or fog patches are expected to form over the forest, mountainous and coastal towns. As the day advances into the afternoon, sunny weather with periodic cloud cover will dominate much of the country with thunderstorms or rain affecting parts of the middle, transition and northern sectors later in the day.
