Description:

A rainstorm tracking over the northeast of Cote D'Ivoire and spreading towards the southeast is expected to produce rain of varying intensity over the northwestern part of the upper west region.

Instruction:

Avoid going outside unless absolutely necessary to keep yourself safe from lightning and heavy rains. If you must travel, be cautious as roads may be slippery and visibility low. To prevent damage from power surges, unplug electronics and avoid using wired appliances. Keep updated with local weather reports for any changes in the forecast.
