Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	23	32
Forest	23	33
Transition	22	35
Northern	24	38

SUMMARY: Early this morning, mist or fog will develop over some forest, mountainous, and coastal areas leading to reduced visibility. Afterwards, sunny spells and cloudy periods will prevail across the country. Nevertheless, some places along the coast and inland areas may experience thunderstorms or rain later in the day. Northern Ghana may also experience isolated thunderstorms or rain from late morning through the afternoon.
