SUMMARY: Thunderstorms with rain are currently affecting the eastern and central portions of the northern sector. These thunderstorms are expected to spread and affect more areas, including *Wa, Bole, Damongo, Larabanga*, among other places, tonight. In the morning, mist and patches of fog are likely over parts of the coastal, forest, and mountainous areas, with chances of slight rain in some places. Later in the day, sunny conditions will prevail in most areas, with chances of thunderstorms and rain over parts of southern Ghana.
