

Update: Heavy Rains Expected over Northern and Transition Zones

 **Urgency:** Expected

 **Severity:** Severe

 **Certainty:** Likely

Issued:

Sat 06 Jun 2026
06:29

Effective:

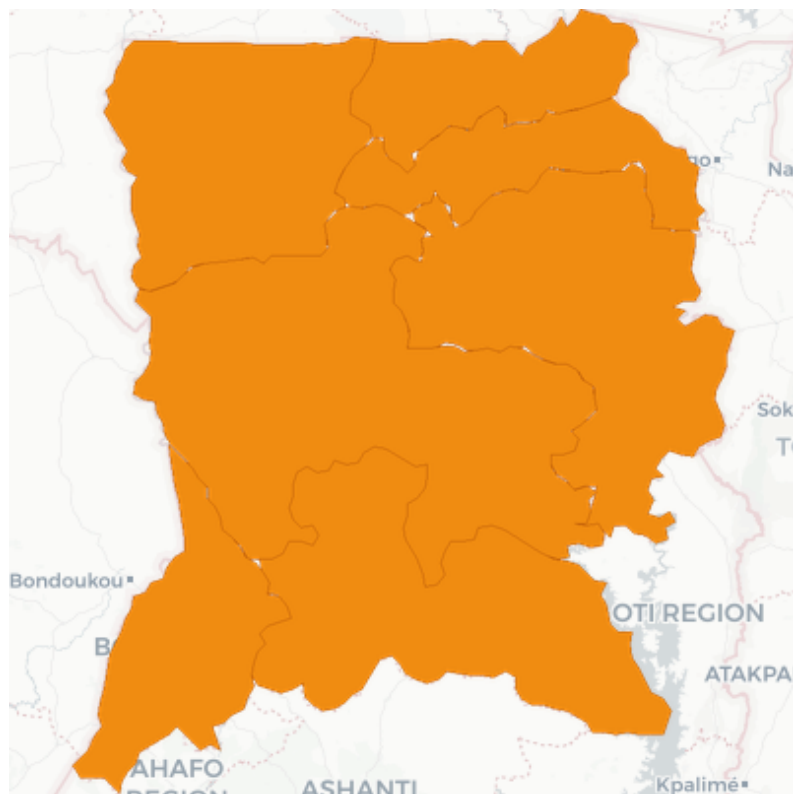

Sat 06 Jun 2026
05:55

Onset:

Sat 06 Jun 2026
05:55

Expires:

Sat 06 Jun 2026
12:00

Area:

Northern, Northern East, Upper East, Upper West, Savannah, Bono East, Bono

Description:

The storm forecasted in the earlier alert has engulfed the eastern parts of the Northern and Transition zones and is now moving westward. The Upper East, Northeast, Northern, and Oti regions are currently experiencing the system. As the morning progresses, the storm is expected to spread further within these regions, as well as into the Bono East, Bono, Ahafo, Savannah, and Upper West regions

Instruction:

Residents in the affected regions are advised to take precautionary measures ahead of the approaching rains. Avoid outdoor activities during heavy downpours, and stay clear of flooded roads and waterways. Kindly stay updated through official weather bulletins and alerts from the Ghana Meteorological Agency (GMet)
