 **Urgency:** Expected  **Severity:** Moderate
 **Certainty:** Observed

Issued:

Tue 09 Jun 2026
05:21

Effective:

Tue 09 Jun 2026
05:21

Onset:

Tue 09 Jun 2026
05:30

Expires:

Tue 09 Jun 2026
10:00

Area:

Volta, Eastern, Greater Accra,
Central

Description:

A moderate rainstorm has been observed over the eastern border of Ghana and moving towards the west. This storm is expected to bring rain of varying intensity to the Volta, Eastern, Greater Accra and Central regions (between 5:30 am and 10:00 am). Some areas along the path of the moving storm are likely to experience moderate to strong winds.

Instruction:

Residents in the affected regions are advised to take precautionary measures ahead of the approaching rains. Avoid outdoor activities during heavy downpours, and stay clear of flooded roads and waterways. Kindly stay updated through official weather bulletins and alerts from the Ghana Meteorological Agency (GMet).
