

Alert: Rain over Coastal Ghana

 **Urgency:** Immediate  **Severity:** Moderate
 **Certainty:** Observed

Issued:

Sat 13 Jun 2026
07:51

Effective:

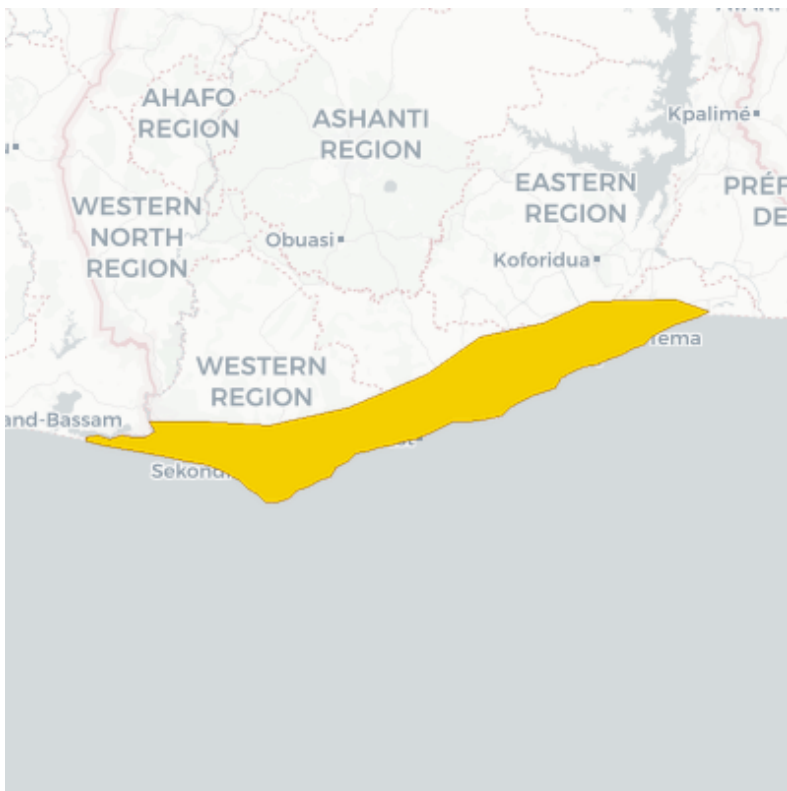

Sat 13 Jun 2026
07:51

Onset:

Sat 13 Jun 2026
07:51

Expires:

Sat 13 Jun 2026
11:00

Area:
Coastal Ghana

Description:

A band of rain clouds is observed over the gulf and parts of the west coast. The cloud is spreading to more areas within the Western, Central and to parts of the Greater Accra region. This cloud is producing rain of varying intensity and is expected to spread to more areas within the regions this morning.

Instruction:

Residents in the affected regions are advised to take precautionary measures ahead of the approaching rains. Avoid outdoor activities during heavy downpours, and stay clear

of flooded roads and waterways. Kindly stay updated through official weather bulletins and alerts from the Ghana Meteorological Agency (GMet)
