| <b>Northern</b>   | <b>26</b>                | <b>33</b>                |

**SUMMARY:** This night, mostly cloudy conditions will prevail over southern Ghana, with slight to moderate rains affecting few areas within the coast and the inland areas. Northern Ghana is anticipated to experience partly cloudy. Early morning, mist and fog patches are expected to form over parts of the coast, forest and mountainous areas, with a likelihood of rain over areas along the coastline and the inland areas.
