Urgency: Expected

Severity: Moderate

Certainty: Likely

Issued:

Wed 17 Jun 2026
08:23

Effective:

Wed 17 Jun 2026
08:22

Onset:

Wed 17 Jun 2026
09:00

Expires:

Wed 17 Jun 2026
14:00

Area:

Volta, Greater Accra, Eastern, Upper East, Northern East, Upper West, Northern, Savannah

Description:

Rain and thunder bearing clouds have been observed over the southeastern and northeastern borders of the country. These clouds are expected to bring cloudiness with rain of varying intensity within the Volta, Eastern, Greater Accra, Upper East and Northeast regions this morning. The conditions are expected to spread to parts of the Upper West, Savannah and Northern regions later this morning into the afternoon.

Instruction:

Residents in the affected regions are advised to take precautionary measures ahead of the approaching rains. Avoid outdoor activities during heavy downpours, and stay clear of flooded roads and waterways. Kindly stay updated through official weather bulletins and alerts from the Ghana Meteorological Agency (GMet)
