Coast	22	32
Forest	22	33
Transition	22	33
Northern	24	36

SUMMARY: Variably cloudy weather is expected to prevail for most areas in the country this afternoon. Later in the day, there is the possibility of isolated thunderstorms or pockets of slight to moderate rains affecting the coastal, middle and transition sectors. However, the northern half of the country will be dominated by sunny periods.

SIGNED: Central Analysis and Forecasting Office (CAFO)
