Weather Icons

| Sector     | Minimum Temperature (°C) | Maximum Temperature (°C) |
|------------|--------------------------|--------------------------|
| Coast      | 22                       | 26                       |
| Forest     | 22                       | 26                       |
| Transition | 22                       | 27                       |
| Northern   | 24                       | 29                       |

**SUMMARY:** Thunderstorms or rain will affect parts of northern, transition and middle sectors this evening into the night, while other areas remain mostly cloudy. By tomorrow morning, slight to moderate rain is expected along the coast and parts of the middle sector, with mist or fog likely over mountainous and forest areas, reducing visibility in the early hours.
