Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	23	30
Forest	22	31
Transition	22	33
Northern	25	35

SUMMARY: This morning, cases of slight rain are expected along the coastline and few inland areas. Mostly cloudy weather will dominate the remaining areas with mist or fog patches reducing visibility over mountainous and forest areas. The afternoon will be sunny over the north while the south will be alternating with clouds leading to slight rain along few coastal areas. Thunderstorms or rain will affect parts of the middle, transition, northern sectors from late afternoon into the evening.
