Transition	22	33
Northern	25	36

SUMMARY: This afternoon, southern Ghana will remain mostly cloudy, but the sun will occasionally break through the clouds, with some areas experiencing more sunshine than others. Slight to moderate rain is likely over a few coastal communities, nearby inland areas, and parts of the middle sector. Northern Ghana will experience sunny conditions with intermittent cloud cover. However, thunderstorms or rain are expected to develop over parts of the northern and transition sectors from late afternoon into the evening.
