Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	24	29
Forest	23	30
Transition	22	31
Northern	25	33

SUMMARY: Cloudy conditions are expected to persist over southern Ghana this afternoon, with the sun occasionally breaking through the clouds. These clouds are likely to produce intermittent light to moderate rain over parts of the coastal, middle, and transition sectors. Across the northern sector, a mix of clouds and sunshine is expected, with thunderstorms or rain developing from late afternoon and persisting into the night.
