12-HOUR INLAND WATER FORECAST FOR GHANA

VALID FROM 12 P.M. TODAY

SUMMARY: Variably cloudy skies are expected across most parts of the country from the afternoon through to the following morning. There is a 40% chance of slight to moderate rainfall in parts of the central, northern, and southern regions during the afternoon. In the evening, conditions will remain mostly cloudy, with a 30% chance of isolated light rain around the lake and surrounding areas. By morning, mist may form over the central and southern regions, reducing visibility in some locations.
