SUMMARY: Mist and fog patches are expected to form over parts of the coast, forest, and mountainous areas this morning, while the northern sector will experience partly cloudy conditions. As the day progresses, sunny conditions with occasional cloudiness will prevail across much of the country. However, a few places within the middle, transition, and northern sectors are likely to experience thunderstorms or rain from the late afternoon into evening.

NB: *Relatively cool night and early morning temperatures are expected across the country.*
