

Weather Warning: A Moderate to Heavy Rainstorm over the Northern Sector

Urgency: Expected

Severity: Severe

Certainty: Observed

Issued:

Tue 11 Aug 2026
19:26

Effective:

Tue 11 Aug 2026
19:26

Onset:

Tue 11 Aug 2026
19:30

Expires:

Wed 12 Aug 2026
02:30

Area:

Upper East, Northern, Northern East, Savannah, Upper West

Description:

A moderate to heavy rainstorm observed at the border of Ghana and Togo is expected to propagate and affect the northeastern portions of Ghana before drifting to the west. Thunderstorms of varying intensities will be experienced over the Upper East, North East and Northern regions within the next hour, whereas Upper West and the Savannah

regions will be affected later into the night. Gusty winds are expected to accompany the rainstorm.

Instruction:

Residents in these regions are advised to take necessary precautions, including seeking shelter indoors during periods of heavy rain and lightning, avoiding open fields and standing under isolated trees, and unplugging electrical appliances where possible to prevent damage from lightning strikes. Motorists should exercise caution on the roads due to poor visibility and slippery conditions. Monitor official updates from the Ghana Meteorological Agency for further guidance as the storm progresses. For emergencies, please contact NADMO on 0302 964 884 or 0291 913 077, or dial the toll-free line 112
