SUMMARY: Early morning mist or fog patches are expected over parts of the coastal, forest and mountainous areas, accompanied by localised slight rain or drizzle. Elsewhere, mostly cloudy conditions will prevail, gradually becoming variably cloudy in the afternoon. However, thunderstorms or rain are likely to affect parts of the middle, transition and northern sectors during the afternoon and evening hours. A few areas along the coast may also experience slight rain or drizzle.

NB: *Relatively cool night and early morning temperatures are expected across the country.*
