Coast	23	26
Forest	23	27
Transition	23	28
Northern	24	29

SUMMARY: Localised development of thunder and rain clouds are expected to affect some areas over the transition belt and northern sector with thunderstorms or rain of varying intensities this evening into the night. The middle and coastal sectors on the other hand will experience partly cloudy to mostly cloudy conditions with few cases of slight rain or drizzle.

NB: Relatively cool night and early morning temperatures are expected across the country.
