18HOUR FORECAST FOR GHANA VALID FROM 6 AM, 01/09/2026

SUMMARY: The weather over Ghana this morning will principally be cloudy with misty conditions forming to reduce visibility range over the forest and mountainous areas. There are chances of slight rain or drizzle to affect parts of the coast and inland areas. As the day unfolds, sunny conditions with intermittent cloudiness are anticipated to dominate the afternoon hours with chances of isolated to scattered thunderstorms occurring over the north, transition and portions of middle sectors.
