SUMMARY: This morning, mostly cloudy weather will prevail across southern Ghana, with a low chance of slight rain or drizzle over a few coastal and nearby inland areas. Meanwhile, partly cloudy conditions will dominate northern Ghana. Mist or fog patches will form over the forest, mountainous and coastal areas during the early morning hours. As the day progresses into the afternoon, sunny conditions with intermittent cloud cover will prevail across the country. However, thunderstorms or rain are expected to affect some areas from late afternoon into the evening.

NB: Early morning and night temperatures are expected increase across the country.
