Rain	Wind	Dust	Hail	Mist	Fog

Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	22	31
Forest	22	32
Transition	22	32
Northern	23	34

SUMMARY: Cloudy conditions will prevail over most areas within the country with thunderstorms and rain expected over parts of the northern and transition sectors tonight into tomorrow morning, while the coastal and middle sectors will experience mostly cloudy conditions with slight rain in some areas. Misty conditions are likely over parts of the coast, forest and middle sectors during the morning. By the afternoon, variably cloudy conditions are expected across most parts of the country, although a few areas in the north and transition sectors may continue to experience thunderstorms or rain.
