Transition	22	32
Northern	24	31

SUMMARY: Mostly cloudy conditions will prevail over most places in the country this morning with thunderstorms or rain affecting some areas in the northern sector this morning and into the afternoon. Mist or fog patches may develop over some coastal towns, mountainous and forest zones during the early morning hours, leading to reduced visibility. As the day advances into the afternoon, sunny weather with occasional cloud cover will dominate much of the country. However, from late afternoon into the evening, a few areas in the middle, transition and northern sectors of the country may experience rainfall and thundery activities.
