

18-HOUR FORECAST FOR GHANA **VALID FROM MIDNIGHT (04/10/2026)**

SUMMARY: Tonight, partly cloudy conditions will prevail across most parts of the country. A few places within the transition sector will experience thunderstorms or rain this night into the morning. Mist or fog patches may develop over some coastal, forested and mountainous areas early tomorrow morning. During the afternoon hours, rain and thunder clouds are expected to form over parts the forest areas, transition belt and the northern sector.
