Sector	Minimum Temperature (°C)	Maximum Temperature (°C)
Coast	24	33
Forest	23	35
Transition	23	36
Northern	24	38

SUMMARY: Sunny weather with periodic cloud cover will prevail across most places in the country during the early hours of the afternoon. Thunderstorms or rain of varying intensities are, however, expected over parts of the coastal, middle and transition sectors from mid-afternoon into the evening. The extreme upper regions of the northern sector will experience slight haze throughout the forecast period.
