SUMMARY: Sunny weather with periodic cloudiness will prevail over most parts of southern Ghana. Cases of thundery showers are expected to affect some areas along the coastline and inland areas this afternoon into the evening hours. Dry and hazy weather will dominate the northern half of the country throughout the forecast period. Visibility is expected to range from **4000 meters** to **9000 meters** across the country.

NB: Caution should be taken when handling naked fires to prevent any form of fire outbreak due to the dryness within the country.
