SUMMARY: This afternoon, southern Ghana will be dominated by sunny conditions with the likelihood of localised thundery showers of varying intensities over parts of the coastal and forest zones from late afternoon into the evening. However, northern and transition sectors will continue to experience dry and hazy weather of varying intensities. Visibility across the country will range from *4000 meters* to *9000 meters*.

NB: Caution should be taken when handling naked fires to prevent any form of fire outbreak due to the dryness within the country.
