SUMMARY: Generally, sunny weather will be predominant across all sectors of the country today with varying intensity of temperatures as well as hazy conditions. However, the early morning hours will be characterized by misty conditions over parts of the coast, forest and hilly places. There are chances of **localised thundery showers** affecting portions of the coastal and middle sectors from late afternoon into the evening. Visibility range will span from **3000 meters** to **9000 meters**.

CAUTION!

- Naked fires should be handled cautiously to prevent any form of fire outbreak due to the dryness in some parts of the country.**
- Motorists are advised to use fog lights and drive within appropriate speed limits due to deteriorated visibility.**
