

24-HOUR FORECAST FOR GHANA

VALID FROM 12PM, 13/02/2025

SUMMARY: Mostly sunny weather will prevail across all sectors of the country this afternoon with some cloud developments over southern Ghana. Localized thunderstorms or rain with varying intensities is expected to affect some portions of the coastline and inland areas. The northern half the country will continue to experience dry and hazy conditions throughout the day. Visibility across the country will range between **4000 meters** and **9000 meters**.

NB: Caution should be taken when handling naked fires to prevent any form of fire outbreak due to the dryness within the country.
