

24-HOUR FORECAST FOR GHANA VALID FROM 6AM TODAY

SUMMARY: Misty conditions will be observed in the early morning over most parts of southern Ghana. Mostly sunny weather will dominate across the country today, with varying temperature intensities and hazy conditions. However, there is a possibility of localized thundery showers affecting parts of the coastal and middle sectors from late afternoon into the evening. Visibility will range between **3000 meters** and **9000 meters**.

1. **Naked fires should be handled cautiously to prevent any form of fire outbreak due to the dryness in some parts of the country.**
2. **Motorists are advised to use fog lights and drive within appropriate speed limits due to deteriorated visibility.**
