

24-HOUR FORECAST FOR GHANA VALID FROM 6AM TODAY

SUMMARY: This morning, most places in southern Ghana will experience misty conditions, while the northern sector will remain dry and hazy throughout the forecast period. As the day progresses, generally hot and sunny conditions will prevail across the country, with a chance of localized thundery showers in the late afternoon and evening over areas slightly north of the coastline and within the forest belt. Visibility will span between **4000meters** and **9000 meters**.

CAUTION!

1. **Naked fires should be handled cautiously to prevent any form of fire outbreak due to the dryness in some parts of the country.**
2. **Motorists are advised to use fog lights and drive within appropriate speed limits due to deteriorated visibility.**
