

24-HOUR FORECAST FOR GHANA VALID FROM 6AM TODAY

SUMMARY: Mist as well as cases of fog patches are expected to form over coastal, mountainous and forest areas this morning. As the day progresses further, sunny weather will dominate most parts of the country with occasional cloud cover. However, thunderstorms, with or without rain, are likely to affect few areas in the middle, transition and northern sectors from late afternoon into the evening. Slight haze is also expected to persist in some areas of the northern sector.
