Description:
Series of rain and thunder clouds observed within Ghana are expected to persist and spread to more areas this evening into the night. Rain of varying intensity with occasional strong winds are expected to be experienced.

Instruction:

Seek shelter indoors when thunder is heard or lightning is visible. Secure loose objects outside your home that could be blown away by strong winds. Postpone outdoor activities until the storm passes. If driving, slow down and use headlights for better visibility. Keep updated on weather alerts through the Ghana Meteorological Agency.
