## 24-HOUR FORECAST FOR GHANA

VALID FROM 6AM TODAY

**SUMMARY:** The rainstorm mentioned in the *Weather Warning* earlier is continuing its westward propagation to produce moderate to heavy thunderstorms with rain over places within the northern sector this morning. Partly cloudy weather and cases of mist or fog patches are anticipated for areas within the Southern half of the country. As the day unfolds, sunny conditions will prevail across the country with occasional cloud cover. However, *isolated to scattered cases of thunderstorms* with or without rain are expected from the coastline through the northern half from late afternoon into the evening.
