

 Cloudiness with Rain over Coastal Ghana

 **Urgency:** Expected

 **Severity:** Minor

 **Certainty:** Possible

Issued:
Wed 25 Jun 2025
08:42

Effective:
Wed 25 Jun 2025
09:00

Onset:
Wed 25 Jun 2025
09:00

Expires:
Wed 25 Jun 2025
13:00

Area:
Coastal Ghana Eastern region

Description:
Low clouds are developing along the coast of Ghana. These developments are expected to continue and lead to cases of rain over coastal Ghana this morning into the afternoon. Slight to moderate rain will be experienced around Nzulezo, Axim, Nkroful, Mpohor, Cape Coast, Mankessim, Potsin, Kokrobite, Gbawe, Ashaiman, Hatso and surroundings.

Instruction:

An umbrella may be handy if you are stepping out. Drivers should reduce speed as roads may be slippery.
